ICON LEGEND

	LIFETIME WARRANTY
	1 YEAR WARRANTY
	ADJUSTABLE Display can adjust to accommodate a range of sizes.
	ADJUSTABLE HEIGHT Display can adjust to accommodate a range of banner heights.
	INDOOR USE Banners and stands are recommended for indoor usage.
	OUTDOOR USE Banners and stands are recommended for outdoor usage. Some stands feature weighted or water-filled bases for added stability.
	DOUBLE-SIDED Displays 2 banners back-to-back to enable viewing from both sides.
	SINGLE-SIDED Displays 1 banner on front side only.
	TOOLLESS Display parts assemble together without the use of tools.
	MAGNET Magnetic strips on sides of panels attach to channel bars on frame.
	HOOK & LOOP Banners attach via hook & loop strips on top and/or bottom.
	CLAMP Top and/or bottom bars clamp to banner.
	HEM Banner edges are folded over and stitched with white thread.
	GROMMET Banner edges are hemmed with #2 grommets in corners. Available grommet colors: brass, silver & black.
	POLE POCKET The top and/or bottom of the banner is folded over and sewn, creating a pocket that accepts dowels.

NEW PRODUCTS

INTRODUCING OUR NEW PRODUCTS

We've been on the lookout all year long in hopes of bringing to you the next best thing in displays.

What do we look for? Overall, we look for ease of use, innovative style and durability. We take notice of new trends and, of course, price. We want you to get the best price for useful, quality products. Take a look at this year's hand-picked displays.

Single-Sided
Image is printed on 1 side of the banner for single-sided displays. The back side shows the see-through mirror image of the front side.
Material: Mesh Fabric

Double-Sided
Two single-sided banners are sewn back to back enabling a double-sided display. A block out material is sewn between the banners to prevent light from shining through.
Material: Mesh Fabric

HOW TO ORDER

ORDER PROCESS

1. PLACE ORDER

Choose sizes, quantity, material type and any additional options. Then shop for additional products or checkout.

Or simply call us for online assistance.

Hard Copy Proofs are available online or upon request.

HARDWARE ORDERS

2. SUBMIT FILES

Upload your files using our upload file page after entering all shipping, billing and payment information.

3. APPROVE PROOFS

Once you submit your files, you will be able to view and approve a proof online or through your e-mail within 3-5 business hours.

4. FINALIZE ORDER & BEGIN PRODUCTION

Review order details to ensure all information is correct. Production will begin the day after graphic approval.

5. PICKUP/SHIPPING

You can pick up your order at one of our warehouses, or we can deliver it to the shipping address.

***Blind shipping available.**

DESIGN & PRINT PROCESS

1. SUBMIT FILES or REQUEST DESIGN SERVICES

Submit files such as your logo, photos, text, or design mock-ups through our website.

If you have nothing to start with, no problem. Let our designers help you!

You can also mail a disc to our CA Warehouse.

2. WORK WITH A DESIGNER

Once we receive your files or design request, our designer will contact you to discuss your design needs. It takes minimum 2-4 business days to complete depending on the complexity of your design need.

3. APPROVE PROOFS

Once you approve proofs, we will send the file to production for print.

4. PRINT & PRODUCTION

Once the order is finalized, the production time will start.

Production begins the day after graphic approval. Please note that turnaround time will differ depending on the product and quantity.

*** No changes or cancellations will be allowed during this stage.**

*** Production time starts the business day after we receive your graphic approval and payment. Please call us for accurate production time on orders with high quantity prints.**

SALES TOOLS

Customers can download a .PDF copy of our non-branded catalog without pricing from our web site, which is also designed to be a complete bidding tool and includes a shipping calculator.

VIDEO TUTORIAL

also available. Please visit our website.

RETURNS AND REFUNDS: See the website for details.
PRICING: Prices are subject to change.

MORE SIZES & QUANTITY PRICES ARE AVAILABLE. CHECK OUT OUR WEBSITE.

Please visit our website for the latest pricing, deals & specials.
***Prices subject to change.**

GRAPHIC SERVICES

Production time starts the business day after we receive your graphic approval and payment. Please call us for accurate production time on orders with high quantity prints.

HOW TO PREPARE GRAPHIC FILES

If you don't have a design...

DESIGN SERVICES

Our layout services can turn your vision into a professional design. Our in-house designers have years of experience in turning our customer's ideas into trade show displays. No design? No problem.

We take care of:

- Basic to detailed typesetting & layout
- Image placement
- We will follow your mock-ups or design from scratch

DESIGN EXAMPLES AND TIME USED

Let us show you what we have done for our customers. As you can see, the more complex the design becomes, the more design time will be required. Design time differs depending on complexity of design and the types/quality of files needed.

EXPRESS DESIGN (1-2 HOURS)

- Simple layout & typesetting
- Vector-based/hi-res graphics

CUSTOM DESIGN (3-4 HOURS)

- Layout & typesetting
- Simple photo editing (includes cropping and color adjusting)

CUSTOM DESIGN (5-7 HOURS)

- Layout & typesetting
- Photo editing (includes cropping, color adjusting, and cloning)
- Creating vector elements

CUSTOM DESIGN (8-11 HOURS)

- Layout & typesetting
- Photo editing (includes cropping, color adjusting, and cloning)
- 15+ photos used (must be provided by customer)
- Complex layered design

*** Customer must supply as many images, verbiage and vector-based graphics (logo, image and text) as possible.**

If you are designing...

We have graphic templates available for you to download on our website. Take the time to make sure your graphics are print-ready before you upload them to us.

CHECK POINTS

1. RIGHT DIMENSIONS?

Double-check your graphic dimensions to make sure it matches the most current template as well as product you are purchasing.

2. GOOD RESOLUTION?

In Photoshop, view your graphic at 100% scale. This is how your artwork will look when printed.

3. CMYK MODE?

Your graphic must be in CMYK mode. Colors may differ in RGB mode.

If your graphic contains critical spot colors, ask us about our PMS Color Matching Service.

4. PROOF READING?

It is your responsibility to proof-read all your text. Please proof-read before you submit or approve your graphic file.

*** We rely solely on your approval of the proof as final verification and acceptance of the project. We can not accept financial responsibility for items approved by you that may be later found in error.**

WE ACCEPT FILES IN FOLLOWING FORMATS:

- Adobe Photoshop (flattened .PSD)
- Adobe Illustrator (.AI)
- Adobe Acrobat (.PDF)
- Tagged Image File Format (.TIFF)
- Encapsulated PostScript (.EPS)
- High-Resolution JPG files

Please note that any other file format will/may not be accepted by our Graphics Department.

PMS Color Match

\$25.00 (per color / material)

***Printing actual PANTONE colors is NOT included.**

***We cannot color match textures, gradients, tints, or shades.**

***PMS Color Matching Service will add 1-2 business days to your total turnaround time.**

www.wsdisplay.com | 1-800-640-9544

PRINTING SERVICES

DIGITAL PRINTING COLOR INFORMATION

OFFSET VS. DIGITAL

Digital printing offers a shorter turnaround and more consistent end results than offset printing. Digital printers do not print PMS and RGB colors. These colors will have color shifts.

PMS (SPOT COLOR) MATCHING

Although digital printers do not print PMS colors, our production team will manually adjust the color output to match your spot colors upon request (per color/material). Please ask us about our PMS Color Matching service when you upload your files.

FINISHING OPTIONS

GROMMET

Banner edges are hemmed with #2 grommets in corners. * Available grommet colors: brass, silver & black.

POLE POCKET

The top and/or bottom of the banner is folded over and sewn, creating a pocket that accepts dowels.

HOOK & LOOP

Banners attach via hook & loop strips on top and/or bottom.

MATERIAL

Printed colors look slightly different depending on materials. Refer to the material descriptions for more information.

OUTDOOR USE

Our outdoor banners are printed with UV-safe inks to prolong the life of your banner. They are hemmed around the edges for long life and can be grommeted for easy display outside your building or event.

RE-ORDERING

If you are in need of graphics from a previous order printed by us, let us know before you approve proofs. To match colors with previously printed graphics as closely as possible, we need extra time and information from you. We typically hold files for 3-4 months. By request, we can back up files for future use.

HEM

Banner edges are folded over and stitched with white thread.

CLAMP

Top and/or bottom bars clamp to banner.

MAGNET

Magnetic strips on sides of panels attach to channel bars on frame.

PRINTING METHODS

THERMAL TRANSFER (HEAT PRESS)

Our thermal transfers allow 1 to 2 color images to be applied to our stock table throw and stock casita canopy products. Using thermal transfer vinyl, we die-cut and weed your image, then apply it to the stock product using a high temperature, large format heat press.

Used for: Casita Canopy Stock, Table Throw Stock, Skycap Umbrella Stock

DIGITAL INK JET LAMINATED PRINTING

Using a high resolution, 4-color process, we are able to output images up to 1080dpi onto titanium film media. Once this entire image is printed, we overlay laminate—using a cold-process laminator—for durability.

Used for: Laminated Display Film, Pop Up Wave Display

UV PRINTING

Using the 4-color process (plus light cyan and light magenta), we create weather resistant images for outdoor graphics using ultraviolet curable inks.

Used for: UV Hybrid Vinyl, UV Super Flat Vinyl, Scrim Vinyl, UV Casita Canopy, UV Backlit, PVC

DYE-SUBLIMATION

The direct-to-fabric printing process applies the ink directly to the fabric using the 4-color process. The print then goes through the sublimation process of heat-plus-time to create beautiful, photo images.

Used for: All Fabric (except UV Fabrics)

Resort Extrusions. Not Your Average Retreat.

Custom Extrusion Frames • Silicone Edge Graphics

RESORT EXTRUSIONS

SEG Fabric Custom Displays

The Resort Extrusions line offers you the ability to customize your next display project. Within the collection, there are nine different aluminum profile shapes. Choose your extrusion shape, display width and height, and we build it for you. Captivate crowds by adding lights for a back-lit display. Affix finished frame to the wall, hang it overhead, or stand it independently. Retain your custom frame, and refresh with new graphics over time.

Presentation is everything—make it impeccable with custom Resort Extrusions.
